

**Please use the following guidelines when submitting Queries to *Penn Pal*.**

Use the form below or a photocopy for your Query. Since a Query is a question, be sure your question is clearly stated. Please limit your Query to approximately 50 words. Be specific in what you are trying to find. Include at least one date and at least one geographical place (city, town, county, or state). Capitalize all letters in the Surnames, e.g., SURNAME, and do not abbreviate words. Include your complete address and the date of your Query. Queries are printed as received. Normally only one Query per person will be printed in each issue of *Penn Pal* unless there is extra space. The editor reserves the right to edit Queries.

Queries must be typewritten or printed clearly with black ink. If the editor cannot read your Query, it will be returned. Queries are accepted from Pennsylvania Chapter members only. Life will be easier for all if these guidelines are followed.

**Send Queries to James Beidler, P.O. Box 270, Lebanon, PA 17042-0270.**
